

Projekt - 30 högskolepoängs examensarbete utomlands inom BVLP/APEX HT 2008

Titel	Resmål
Synaptic alteration in early stages of the Alzheimers pathology	Montréal, CAN
Analysis of inhibitors of Ebola virus infection	Boston, USA
An open pilot study of the tolerability and pharmacodynamics of intravenous buprenorphine and methadone in buprenorphine and methadone maintained patients.	Adelaide, AUS
MKP-1 as a novel anti-inflammatory strategy in asthma and airway remodelling	Sydney, AUS
A comparison of opioid tolerance and opioid-related hyperalgesia when produced by remifentanil...	Adelaide, AUS
A comparison of opioid tolerance and opioid-related hyperalgesia when produced by remifentanil...	Adelaide, AUS
Effect of pioglitazone on biomarkers of lung inflammation and remodelling in CF	Los Angeles, USA
A multiplexed flourescent microspere immunoassay for the detection of skin autoantibodies	Calgary, CAN
Mitochondrial dynamics in a neuronal cell line	Vancouver, CAN
Gelsolins function at Sepsis	Boston, USA
Dopamine Receptor Interactions Forming Signalling Complexes	Toronto, CAN
Inflammation in adipose tissue-effects of different diets on adipose metabolism and endothelial function	Boston, USA
Regulation of CRH and substance P receptor expression and signalling in alcoholism	Washington, USA
Effects of intrathecal drugs on pain behavior	San Diego, USA
A Novel Approach to Assessing Time-Dependent Inhibition Interactions	Manchester, UK
Role of IL-11 Regulated Genes, Clusterin and Gremlin, in Human Gastric Canser	Melbourne, AUS
Mechanisms of Human Cyp Inhibition by New Anticanser Drugs	Sydney, AUS
Feasibility Analysis of a Centralised IV Additive Service in a Neonatal Unit	Adelaide, AUS
Chem GPS-NP System and molecular modelling	Kaohsiung, Taiwan
The development and characterisation of an in vitro	Brighton, UK

liver tumour model.	
The effect of second generation antipsychotics on Hippocampal oscillations	Boston, USA
Controlled delivery of anti-bacterials from polymeric matrix devices	Brisbane, AUS
Vaccine for newborns	Vancouver, CAN
Liposaccharide based drug/peptide delivery Systems	Brisbane, AUS
Nicotine vaccine effects on the pharmacology of inhaled nicotine	Minneapolis, USA
An open pilot study of the tolerability and pharmacodynamics of intravenous buprenorphine and methadone in buprenorphie...	Adelaide, Australien
Role of leptin in development of hypothalamus neuros	San Fransisco, USA
Role of Development Genes in Fat	Boston, USA
Prevalence of respiratory symptoms in the first years of life in Preterm infants	Perth, AUS
Simultaneous quantification of meisoindigo and its reductive metabolites in rat plasma by LC-MS/MS	Singapore
Relationship between exhaled breath temperature and pulmonary blood volume	Perth. AUS
Inflammatory bowel disease	Calgary, CAN
Effect of Pioglitazone and doxycycline therapy on P. aeruginosa virulence expression	Los Angeles, USA
Neuropathic pain: The role of Run x 1 expression in mature nociceptors	Boston, USA
Clinical pharmacokinetics in hepatology and dermatology	Brisbane, AUS
Evaluation of Impact of X-Glycoprotein on variability	Bangkok, Thailand
The characterisation of hypoxia in an in vitro liver tumour model	Brighton, UK
